

Unwinding stand

Unwinding device for cable reels and small drums with adjustable brake

Features:

The reel is clamped on the 12 mm axle between a fixed cone and a clamping cone, using a quick-clamping system. The adjustable brake makes it possible to set an even pull without run-on.

Technical specifications

- Coil width up to 300 mm
- Coil diameter up to 600mm
- Mechanical brake adjustable
- Dimensions: W x H x L 55cm x 45cm x 43cm

Other versions can be supplied on request.
